

## *lapyxian Amulet*

*a twisted thing of bronze forged in fire and blood with a linger scent of iron and sea water.*

You can use this artefact once during the Annual. If it is being worn by a character who successfully executes a God using an appropriate weapon, then the power released by the God's death will aid the creation of a small pseudo magisterium on land in the Iberian Peninsula. Though permanently dead, the executed God will in a metaphysical sense continue to exist, trapped within the amulet – the presence of the amulet within the pseudo-magisterium will prevent magisterial collapse provided the magisterium remains small enough.

*This artefact cannot be destroyed by normal means. You should call RESIST to any CRUSH that would damage this item, although the call affects your other items as normal.*

*This artifact physrep is the Property of Profound Decisions and must be returned at end of event, This information is valid only for the Thirteenth Annual.*

*To be able to use this artefact you must have either read this rules sheet while in possession of the item or consulted a referee and shown them the item.*
